Throughout her distinguished career, Elizabeth David wrote and collected many articles about Christmas food. She put together a file of these articles, recipes, and notes, and even wrote an introduction, intending to publish them as a book. It never appeared, and after her death in 1992, her literary executor Jill Norman found the box with all this material. She put them together as Elizabeth intended, and we now have her "Christmas" edited for the American reader, handsomely illustrated and ready to guide us through this daunting festive season with good food and high spirits and our humor intact.
